- 4' expand to 7' available in reflective yellow on black and reflective orange on white
- 6' expands to 10' available in reflective yellow on black and reflective orange on white
- Quickly installs on traffic cones to provide a high visibility barrier
- Inside diameter of bar loop, 3.25"

BarOW47 4' long, telescoping to 7'

BarBY47 4' long, telescoping to 7'

BarOW610 6' long telescoping to 10'

BarBY610 6' long, telescoping to 10'

Cone Weight, 7# weight made from recycled tires - CW00007

Traffic Cone LED Light

- 360 degree, high clarity amber colored polycarbonate lens.
- Yellow case made of high impact polyethylene with cone mounting bracket.
- Integrated chip circuit with photocell.
- Powered by 6V lantern battery (not included).
- SKU - CL0001

Barricade Lights

- LED barricade light.
 - SKU-BL-6V
 - SKU-BL-D cell
- 7-inches polycarbonate lens provides extreme durability.
- Includes photocell, 3-way switch,
- Reliable chip circuit is weather resistant.
- UV stabilized polycarbonate.
- Meets MUTCD and ITE specifications.
- Batteries not included
